

notification within the four-month period shall not result in registration of the applicant's work.

(c) *Second reconsideration.* Upon receiving written notification of the Registration Program's decision to refuse registration in response to the first request for reconsideration, an applicant may request that the Review Board reconsider the Registration Program's refusal to register, subject to the following requirements:

(1) An applicant must request in writing that the Review Board reconsider the Registration Program's decision to refuse registration. The second request for reconsideration must include the reasons the applicant believes registration was improperly refused, including any legal arguments in support of those reasons and any supplementary information, and must address the reasons stated by the Registration Program for refusing registration upon first reconsideration. The Board will base its decision on the applicant's written submissions.

(2) The fee set forth in §201.3(d)(3)(ii) of this chapter must accompany the second request for reconsideration.

(3) The second request for reconsideration and the applicable fee must be received in the Copyright Office no later than three months from the date that appears in the Registration Program's written notice of its decision to refuse registration after the first request for reconsideration. When the ending date for the three-month time period falls on a weekend or a Federal holiday, the ending day of the three-month period shall be extended to the next Federal work day.

(4) If the Review Board decides to register an applicant's work in response to a second request for reconsideration, it will notify the applicant in writing of the decision and the work will be registered. If the Review Board upholds the refusal to register the work, it will send the applicant a written notification stating the reasons for refusal.

(d) *Submission of reconsiderations.* (1) All mail, including any that is hand delivered, should be addressed as follows: RECONSIDERATION, Copyright RAC Division, P.O. Box 71380, Washington, DC 20024–1380. If hand delivered by a

commercial, non-government courier or messenger, a request for reconsideration must be delivered between 8:30 a.m. and 4 p.m. to: Congressional Courier Acceptance Site, located at Second and D Streets, NE., Washington, DC. If hand delivered by a private party, a request for reconsideration must be delivered between 8:30 a.m. and 5 p.m. to: Room 401 of the James Madison Memorial Building, located at 101 Independence Avenue, SE., Washington, DC.

(2) The first page of the written request must contain the Copyright Office control number and clearly indicate either "FIRST RECONSIDERATION" or "SECOND RECONSIDERATION," as appropriate, on the subject line.

(e) *Suspension or waiver of time requirements.* For any particular request for reconsideration, the provisions relating to the time requirements for submitting a request under this section may be suspended or waived, in whole or in part, by the Register of Copyrights upon a showing of good cause. Such suspension or waiver shall apply only to the request at issue and shall not be relevant with respect to any other request for reconsideration from that applicant or any other applicant.

(f) *Composition of the Review Board.* The Review Board shall consist of three members; the first two members are the Register of Copyrights and the General Counsel or their respective designees. The third member will be designated by the Register.

(g) *Final agency action.* A decision by the Review Board in response to a second request for reconsideration constitutes final agency action.

§§ 202.6–202.9 [Reserved]

**§ 202.10 Pictorial, graphic, and sculptural works.**

(a) In order to be acceptable as a pictorial, graphic, or sculptural work, the work must embody some creative authorship in its delineation or form. The registrability of such a work is not affected by the intention of the author as to the use of the work or the number of copies reproduced. The availability of

protection or grant of protection under the law for a utility or design patent will not affect the registrability of a claim in an original work of pictorial, graphic, or sculptural authorship.

(b) A claim to copyright cannot be registered in a print or label consisting solely of trademark subject matter and lacking copyrightable matter. While the Copyright Office will not investigate whether the matter has been or can be registered at the Patent and Trademark Office, it will register a properly filed copyright claim in a print or label that contains the requisite qualifications for copyright even though there is a trademark on it. However, registration of a claim to copyright does not give the claimant rights available by trademark registrations at the Patent and Trademark Office.

#### § 202.11 Architectural works.

(a) *General.* This section prescribes rules pertaining to the registration of architectural works, as provided for in the amendment of title 17 of the United States Code by the Architectural Works Copyright Protection Act, title VII of the Judicial Improvements Act of 1990, Public Law 101-650.

(b) *Definitions.* (1) For the purposes of this section, the term *architectural work* has the same meaning as set forth in section 101 of title 17, as amended.

(2) The term *building* means humanly habitable structures that are intended to be both permanent and stationary, such as houses and office buildings, and other permanent and stationary structures designed for human occupancy, including but not limited to churches, museums, gazebos, and garden pavilions.

(c) *Registration*—(1) *Original design.* In general, an original design of a building embodied in any tangible medium of expression, including a building, architectural plans, or drawings, may be registered as an architectural work.

(2) *Registration limited to single architectural work.* For published and unpublished architectural works, a single application may cover only a single architectural work. A group of architec-

tural works may not be registered on a single application form. For works such as tract housing, a single work is one house model, with all accompanying floor plan options, elevations, and styles that are applicable to that particular model.

(3) *Application form.* Registration should be sought on Form VA. Line one of the form should give the title of the building. The date of construction of the building, if any, should also be designated. If the building has not yet been constructed, the notation “not yet constructed” should be given following the title.

(4) *Separate registration for plans.* Where dual copyright claims exist in technical drawings and the architectural work depicted in the drawings, any claims with respect to the technical drawings and architectural work must be registered separately.

(5) *Publication.* Publication of an architectural work occurs when underlying plans or drawings of the building or other copies of the building design are distributed or made available to the general public by sale or other transfer of ownership, or by rental, lease, or lending. Construction of a building does not itself constitute publication for purposes of registration, unless multiple copies are constructed.

(d) *Works excluded.* The following structures, features, or works cannot be registered:

(1) *Structures other than buildings.* Structures other than buildings, such as bridges, cloverleaves, dams, walkways, tents, recreational vehicles, mobile homes, and boats.

(2) *Standard features.* Standard configurations of spaces, and individual standard features, such as windows, doors, and other staple building components.

(3) *Pre-December 1, 1990 building designs*—(i) *Published building designs.* The designs of buildings where the plans or drawings of the building were published before December 1, 1990, or the buildings were constructed or otherwise published before December 1, 1990.

(ii) *Unpublished building designs.* The designs of buildings that were unconstructed and embodied in unpublished plans or drawings on December
